I will be listing them for sale in Boats and Harbors, The Daily News(as it is circulated in the BVI also), and a publication called Rock and Dirt.

I also am reaching out to some of the local electricians and generator suppliers/service companies.

Mike,

Please see attached and let me know if you have any questions or concerns. We are going to switch to a different supplier (Johnson Well Screens) for the next set of materials due to a superior design that affords more open inlet area.

Dean can provide a quote for these materials.

Best Regards,
Bob Petersen
