Dear The New School students,

Thank you for attending our presentation on Express Entry.

As mentioned during the presentation, Express Entry is used to manage applications for permanent residence for the following programs:

- Federal Skilled Worker Program

- Federal Skilled Trades Program

- Canadian Experience Class
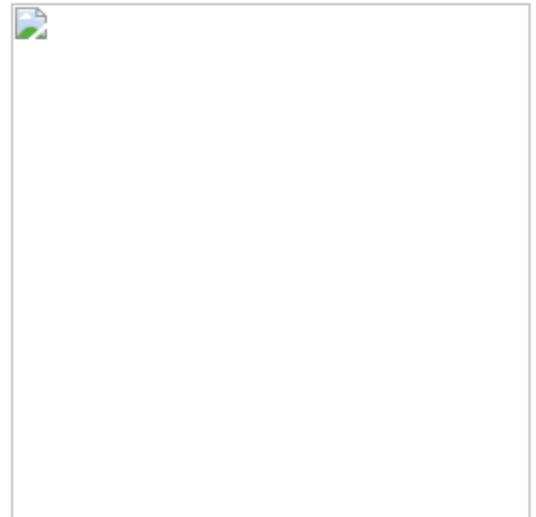

Provinces and territories can also recruit candidates from the Express Entry pool through the Provincial Nominee Program (PNP) to meet local labour market needs. The province of Quebec does not have a PNP. Please consult their immigration website to learn more about their programs.

If you are invited to apply for permanent residence under Express Entry, you will benefit from fast processing times of six months or less.

Express Entry ensures that candidates who are most likely to succeed economically – not simply those first in line – are able to immigrate to Canada.
