Dear Aziza

Hope this email finds you well.

As previously mentioned to you, Seers is now inviting a strategic investor(s) and partner(s) to this exclusive \$3M USD Pre IPO round before the end of this month.

This will be the last funding round before the planned IPO in 2020 at a discounted valuation of \$30M USD.

I have attached the company's business plan including financial projections for your review and perusal in this email.

We already have the data room ready with all the necessary legal and financial due diligence materials for potential investors which will be accessible upon issuance of an LOI.

Please let me know if your KSA partners would be interested in participating in this private round as well.

As a progress, we already have a well known Korean institutional investor committed for \$1M USD as of today and \$2M USD is available for other strategic partners/investors now..

Thank you and please let me know if you have any questions.
