Dear Elizabeth,

Thank you for TA-ing this Spring's Music, Mind & Brain course! Please find attached a penultimate draft of the syllabus.

This year marks its 23rd consecutive year, thanks to Professors White, Fink, and Newman and former President Neil Rudenstine's 1990s vision of an interfaculty initiative in Mind Brain & Behavior at Harvard. What year did you audit the course in Cambridge?

FYI - All 50 student slots have been filled, and there are about a dozen students on the waiting list or asking about PTEs. It appears likely the course will be offered again next Fall Quarter.

Please let me know if you spot any items in the syllabus that are in need of correction.

Sincerely,  
Mark
