The 2015 Denali is under Thomas World LLC /Jeffrey Epstein name. Designated drivers Jeffrey and Valdson. I am trying to find out car registration process. Was not able to get any information today. Would be great if [REDACTED] can help. I already submitted request to add this car to our insurance, but did not receive an answer yet. Below please find information for the freight company in France, they might help with our questions. Attached is also Carnet for the car.
