FYI below from Dershowitz.

I think the pain gain ratio from Asian opera is getting too high.

If this is all a test and retaliation and signal I ll stay in game for a little while I guess. Option value.

But there does not feel like a big upside. She is no longer warm and fun as she used to be. She feels hard selfish and using. It is disruptive and risky so I think i may say good bye in Beijing.

What is best way?

We said I've never stayed there.

I'm sorry you are being treated unfairly.
