Jeffrey,

Thank you for your message and the confirmation.
For the next week we have a trip to Doha and come back on Thursday, is it possible for you on the next? If not there is no problem to have a meeting to discuss about the progress and different things;
We noted your comments and take in consideration for the next proposals.

Regarding the library, we are waiting the existing plans to be able to develop the project;
We have a French contractor (<http://www.ateliersfrance.com>) qualified for all interiors works: ceiling and wooden works, windows, painting...But for the architectural works: roof frame works (metal), roofing (standing seam metal roofing), MEP (air conditioning, electricity...) it would be easier to look for your team if possible. We will have a meeting with the contractor on Monday to discuss about that and will come back to you.
We think also to do in the same time the ceiling of the entrance lobby?

Best regards
