Attachments: LSJ_Pool_Flag_Pole.pdf

Good Morning

Attached for your review, mark ups of proposed solutions for install of New Flag Pole at the Pool Cabana

Option1: Proposed by Jackson Crane

Build a platform using stones and fill close to existing flags pole base.

This will give the crane the swing needed to hoist pole.

This solution will require the removal of the Sea Grape and relocation of the pool heaters.

Option 2:

Relocate Flag Pole to a new location close to existing

This will require the construction of a new foundation and electrical feed.
