Here's a Big Idea. You've probably read about China's / President Xi's "Belt and Road" initiative, modeled after the ancient Silk Road. There are multiple motivations, factors - but, bottom line, it's a visionary and grand strategy for China to develop infrastructure in Central Asia, Southeast Asia, South Asia, Europe (Eastern), Middle East and Africa. Estimates over time are investments of \$7-10 *trillion* (with a 't'). For example, already underway is the "China-Pakistan Economic Corridor" at \$46 billion originally, now \$62 billion, including Gwadar Port. Major projects in KSA in discussion.

I've been involved in Belt and Road from the beginning, spoke at every major conference - attached are some articles and interviews (the Chinese are the majors - People's Daily, Xinhua)

To the extent I can understand (a little) of your international business /activities, perhaps I can suggest how we might partner for large opportunities.
