Read "Blockchain" by Mark Gates. Got a good understanding. Rdy to discuss when you're available. Not clear whether Mongolia needs to issue private blockchains and a law template. It seems Japan endorsed bitcoins, as well as Australia giving tax waivers. Let's discuss.

read about block chain and digital " currencies " . however bitcoin is considered property by the irs. . a security by the sec. and a financial instrument by the commodity commission . if mongolia would issue a new coin it would be the first real currency.... as a real currency MUST be backed by a sovereign
