Oxy responded that they would accept \$47MM. They also mentioned that they wanted the LOI to strictly bind us, but not Oxy. We will push back on that.

Engine program:

- The BofA loan proposal we received requires us to be on the engine program. They said they can make us a new proposal that assumes we don't take the engine program.
- Ron P has a 7-person risk control department that works for Ron and his companies to assess any insurance he is offered. He frequently decides to self insure.
