Superb. Love this. Though perhaps reading more into Augustine than is really there (a Catholic wont, though Goldman Jewish), shows deep structure between math and music (and ultimate reality?)

I subscribe to First Things (best intellectual conservative Catholic magazine - which I balance with Jewish neo-con Commentary), though dont recall this article.

Goldman an interesting character, odd career - https://en.wikipedia.org/wiki/David_P._Goldman (which seems to be self authored - a Wikipedia No-No). He is most known for his essays in AsiaTimes (for which I write occasionally).
