<https://www.theguardian.com/world/2017/jul/05/qatar-economic-outlook-downgraded-hours-before-crunch-gulf-meeting>

has the potential to get way out of hand. the govt should try to calm the markets afterwards by structuring changes that assure payment. lock boxes. etc. revenue backed notes. , full faith and credit will be tainted for a while. unfortunately - it would be easy for the GCC to impose restrictions on anyone trading with QATAR. like the US does with IRAN. local economic sanctions. a new twist but very effective.
