---

Michael Stauffer set you some other projects that he is working on.

Good morning.

I have a couple of other projects that I think help show the diversity in design that I have depending on each client's needs.

Schulte Residence

- Shows a Dutch West Indies style with a courtyard concept

Kruse Residence

- Modern design

Miller Residence

- Traditional style

Let me know if there is any additional info I can send.

Thank you again.

**Mike Stauffer, AIA**
