Good evening Mr. Kahn,

I was extremely impressed with the setup at LSJ. I have a few questions for the gentleman from Russ Electric and i will reach out to him tomorrow. I should be able to complete the additional design within 2 weeks. I took a representative from WAPA with me in an effort to get them comfortable with what I am proposing and ensure the approval process will be seamless and without delay.

Can you help arrange to get Mr. Hodge over to LSJ to look at the generators so he can finish up his work.
