More whining ! If you are not happy with your ur job , find another. When you were in school partying took priority over studying . Like a child that kills his parents and now wants sympathy for being an orphan

You've always told me that I should find a paying job like waitress or babysitter or hostess. Now that I'm doing it (had to leave my studies) you tell me "it's up to you"?

The money I earn doesn't bring me happiness and the job any satisfaction because I'm not learning anything interesting. what is the purpose of this ?

I've stopped working with the photographer because he can't pay me so the only job I have is babysitting and can't find any better cause I've got no qualifications. Does this mean I will stay a babysitter forever ?
