welcome back .

I spoke to Wechsler . , i explained to him why , I CANNOT be the one expected to demand that joslin ada and tom to be pragmatic . He said he agreed and understood. I have not asked him for an email confirmation of his statements , but if there is any suggestion of misunderstanding , whatsoever , I am happy to re-explain on the phone to you or in person with him .

That being said. he has again pointed out -that though he really would like my help. but I am very very expensive .! in that regard in order to move forward if you choose to do so. please detail for me what you would like me to do- if anything. - We should first agree a detailed understanding of my responsibilities , authority, goals. and a clear agreement as to payment size timing and conditions . there are of course many options ie sharing benefits. , percentages. fixed amounts. hold backs. etc. re : TRA BRH fire drill, 2017 planing , hopefully ,not xxxx . As we agreed I will feel free to say no for any work in the future and of course I understand and will not feel in any way insulted if you choose the much cheaper path -without me. so no worry. however please keep in mind either way we are still not settled on past amounts owed and should set a meeting with Alan ,Paul Weiss , and whoever else you choose to attend . I would hope sooner rather than later .

BTW I still dont know the entity that was audited that spurred the 2012 adjustment- do you? i would like to know if there is another year coming.

--attached please find the work i received from your office today - i will leave the critique, commentary and conclusion to you . KEEP IN MIND that 16 17 18, you are projected to pay a non deductible 150- 180 millilon in taxes.
