I certainly don't know what I'm taking about regarding interior fabrics.,

I wanted to give you some reminders of past Eric Roth Approved ideas that cost us time and Money.

1- B727 Office Desk chair,, you ask Eric if he could stamp the Leather with an Alligator print., it looked great, until you sat in the seat,, after several flights the Stamped print faded.

2- Gulfstream IIB interior,,

You asked Eric if he could stamp a Rough Looking Elephant Print into the Leather to make it look rugged., on our first flight you didn't like how Hard the leather was at altitude,, we thought pressurization affected the density of the foam or leather., we immediately returned to Islip and had Eric completely redo all the Leather seats \$80k

3- G550

Eric thinks Cashmere might work on VIP or any seat,, if he can locate a color you approve., I'm thinking we are heading down the same path as above examples.,

Example of wear;

(Your white Leather Seat cushion in the GIV as been moved though out the cabin on other seats,, so your VIP seat continues to look fresh and not dirty or worn leather looking,, the leather is 3 years old. Just something I've done in the past to keep the interior clean.,)

Just my thoughts,

Thx
Larry
