Jeffrey! Thank you for accepting to Skype with [REDACTED]. This girl is very dedicated and shows she can do things which were being asked in short deadline.

Below is the assignment I gave her last night and what she produced next morning. It is nicely presented. She can use Word.

Which days, time frames are you available to Skype [REDACTED]?

When did you hire your last assistant? Why did you hire her, What was special about her?

Kind regards,

Good evening [REDACTED],

I have attached the task as required,

I must apologize as I had about 2/3 hours only to do it this morning. As you know I am leaving for this long trip and I am unable to take my computer with me. I have done my best with what I could do. I hope this is what was asked. At least it can demonstrate my understanding of what's being asked and my ability to use the word application.

If you need anything further please do not hesitate to contact. For the next 8 days I will be without my own computer, I will have my iPhone, iPad and possibility to use the computers available at the hotels I will be staying at but that's generally limited.

Any feedback will be greatly appreciated.

Kind Regards,
[REDACTED] [REDACTED]

Subject: task

Dear [REDACTED],

Thank you for your interest.

Our topic for the task is influencer marketing (ads via Instagram). There is a series of things which I need to know. Below is your step by step approach.

Work to put on Word document:

1. google Influencer marketing compared to other online marketing strategies. Understand well what is influencer marketing. Write in max 4 phrases why influencer marketing is the future compared to other online marketing strategies.

2. find 5 best reasons on why influencer marketing will make more money for the company than standard marketing approach. There are a lot of reasons online but your goal is to find the best 5 that companies which buy influencer marketing service will. One reason and explanation should be max 3 sentences. Put these reasons in organised way on same Word document.

3. Find 7 instagram influencers (sportsmen, fashion people, designers etc) with from 100 K to 5 mln followers based in Switzerland, Germany, Austria, France, UK, Italy, Spain, Scandinavia, Russia who you think will be good "face" to promote winter sports (skiing, snowboarding, cross country skiing, ice skating, sledges etc) and winter clothes (fur jackets, boots, fur hats, other winter clothes or accessories). So the idea is to find 7 interesting instagrammers who from your point of view will be of any interest to companies who would like to promote their products used in winter (open list of products : googles for skiing, warm gloves, airline flying to Aspen or other small ski stations, equipment for mountain climbing)

Organise these 7 influencers on the same word documents with information just like in the file attached, on the number of followers, country where influencer is based, % of followers based in which countries, and other relevant info that companies want to see before they decide is they will pay this influencer to post a photo with their product. Also choose the best photo of each instagrammer and add on Word document

Attached is the presentation where you can see the relevant info of influencers which companies want to see. You can come up with other info and add it. It will show you have new ideas and initiatives

Kind regards/Cordialement,

Dear [REDACTED],

I do not have any professional photos, however I have attached a few that might be useful. I am sorry they are so far from professional photos, I did my best to look for some but I guess you can choose the ones you think are most appropriate. I tried to include at least one full size and a few head shots. Hope these are okay, if not let me know and I will try to sort something out.

Thank you,

[REDACTED] Vanarey.
