Jefferey:

Just checking in / I am still trying to pry the Actual (Real) Financials out of Gordon Ackley on the Radio Stations/ I have an Intermediary working on it for us right now and will keep you posted.

Also wanted to see if you got my other Follow Up Email on the other (much more important) topics that I wanted to discuss in person with you / I know there was some technical issues when I was sending that last email to you.

Anyway, I am boarding my Flight to St. Thomas now / It's a quick trip and I am headed down around a viNGN crisis issue that came up.

Not sure if you are on island right now / I can connect with you if you when I get on island if you are around and we can make Schedules work / I land this afternoon and I leave Tuesday Afternoon (Like I said, quick trip).

Otherwise, we should try to meet soon (maybe on the mainland), if you would want to, in order to discuss the other topics I referenced.

Let me know at your convenience.

Hope all is well,

McGee
