Hi Jeffrey,

Information on receiving your Social Security benefits.

You may apply:

- Online at <https://secure.ssa.gov/iClaim/rib>; or
- Calling 1-800-772-1213; or
- Visiting the local Social Security office in Nisky Center. You must call ahead to make an appointment.

Eligibility:

- You must be at least 61 years and 9 months old to apply for retirement benefits.
- If you are already age 62, you may be able to start your benefits in the month you apply.
- Benefits are paid the month after they are due. (If your benefits start in April, you will receive your first benefit payment in May.)

Information needed from you:

- Date and place of birth and Social Security number;
- Bank or other financial institution's Routing Transit Number and the account number;
- Citizenship status;
- Whether you or anyone else has ever filed for Social Security benefits, Medicare or Supplemental Security Income on your behalf (if so, they will also ask for information on whose Social Security record you applied);
- Whether you have used any other Social Security number;
- If you are applying for retirement benefits, the month you want your benefits to begin; and
- If you are within 3 months of age 65, whether you want to enroll in Medical Insurance (Part B of Medicare).

Employment Information:

- The name and address of employer(s) for this year and last year;
- The amount of money earned last year and this year. If you are filing for benefits in the months of September through December, you will also need to estimate next year's earnings;
- A copy of your Social Security Statement or a record of your earnings. (If you do not have a Statement, you can view your [Social Security Statement online](#) by creating an account). Even if you do not have a record of your earnings or you are not sure if they are correct, please fill out the application. We will help you review your earnings when you apply;
- Whether you became unable to work because of illnesses, injuries or conditions at any time within the past 14 months. If "Yes," we will also ask the date you became unable to work;
- Whether you or your spouse have ever worked for the railroad industry;
- Whether you have earned Social Security credits under another country's social security system; and
- Whether you qualified for or expect to receive a pension or annuity based on your own employment with the Federal government of the United States or one of its States or local subdivisions.

Documents you may need to provide:

The SSA may need to see certain documents in order to pay benefits. If you decide to apply online, a list of documents they need to see will appear at the end of the application, along with instructions on where to submit them. The documents they may ask for are:

- your original birth certificate or other proof of birth. (You may also submit a copy of your birth certificate [certified by the issuing agency](#));
- proof of U.S. citizenship
- a copy of your W-2 form(s) and/or self-employment tax return for last year.

With warm regards,

Cecile de Jongh
