Subject: PA Job Application

Dear Maria,

I hope this message finds you well. I am a friend of Evan's and I am writing to you regarding the PA job in New York. I am currently finishing my last year of studies at Kings College London. As Evan did not know much about the job description, I thought it would be the best to ask you. What are the requirements? Also, how does the visa process work? I have my CV attached to this message. Please do not hesitate to let me know if there is anything else you need. Looking forward to hearing from you.

Best,
Tugce Ibrahimiye
