Greetings Sir,

I spoke with Ms. Donna Henley at the Motor Vehicles department. Since your misplaced license was issued in 2014, she checked and confirmed that your information is already in the system.

They just need the attached Notarized Affidavit, the Driver's License Information Sheet, \$54 dollars and you to re-issue the replacement.

The documents are attached for your review. The social and weight information I will complete before you go down to Motor vehicles.

Would you like Jermaine to take you down tomorrow?

Respectfully submitted,

Daphne
