Thank you for letting me know, I'm very much looking forward to seeing you then.
Happy belated birthday!

Hi Jeffrey! How are you? I hope all is well.

I had no success in finding a job to switch to and would like to ask for your support in terms of completing my CAD programming studies that I stopped last summer. I would love to complete the Revit course and perhaps take the additional ones if you don't mind.

Please let me know what you think.

Thank you,

Nastia.
