I'm trying to set up a G500 demo flight for you.,  
Since the G500 aircraft is not certified yet, mid summer, the only possibility would be a "round robin" flight,  
such as take off from Palm Beach and return to Palm Beach type of deal  
See Rick Pitner our New Aircraft sales rep, below,

Thx

Dear Larry:

We aren't yet in a position to do demos in the G500 as it is about to be certified, but we aren't there yet (mid-summer). We are in certification block 34 of 34.

It is currently on a world tour and unfortunately you missed it when we had in in West Palm on two occasions. We were able to do one local flight (round-robin) at that time but it has to be approved by the FAA 7 days in advance since it is still Experimental.

Happy to get on the phone with you and discuss if you would like. I would also welcome the opportunity to meet with Jeffrey for 25 minutes to get him up to speed on the G500. In fact, we could meet in SAV for a 3 hour tour of the G500/G600 program or I could possibly get one of our demonstrator aircraft to provide transportation if he can make the time and his schedule matches up with the demo schedule (30 of us are sharing 4 airplanes total).

Let me know what you would like to do next...thanks Larry!
