Yes, Jeffery, it would be really awesome to have you at the Castle Event! I know a lot of the people who will be coming and it's an insanely inspiring/interesting bunch...

"Dear Esteemed Guest,

It is our greatest pleasure to invite you to the first Castle Gathering, where we bring our friends, the change-makers, innovators, and trailblazers of our time to relax, connect and envision our future together.

At this gathering, there are no traditional keynote speeches or formal presentations. We simply ask that our guests come prepared to share--inspirations, insights and unique contributions, with the requirement of serious play and fun work. We invite you to come as you are, bring your art, your talents and all that you are inspired to share.

Discussion topics range from Artificial Intelligence, Blockchain, Decentralisation, Seeding regenerative futures, Rejuvenation, Art, and Inspiration.

This Gathering will be held at one of the most enchanting locations on our planet, the Castello di Segalari in Tuscany, Italy, from July the 5th, starting at 16:00 until the afternoon of July the 8th (departure date). "
