Sorry for a delay reply and a lack of update.

Has been working around the clock – just today I closed my 2nd fund (it is the third if you count an SPV), My target was 250 and I closed it on the maximum of 300MM. I ended up having over 400MM in demand so I was cutting a number of LPs.

Bill ended up with 1MM. Will tell you more when we talk.

We filed form this morning so it got picked up with some press – although we are totally keeping in under the radar <https://www.pehub.com/2018/05/biomatics-capital-targets-300-mln-second-venture-fund/>

I am planning raising the next year much bigger crossover/public fund for biotech – and a number of LP already expressed a strong interest.

The rest is OK (as much as it can be).

I am leaving tmr for Brazil by myself. Will be there for 2 weeks to recover and figure out my other life,

How are you?
Where are you?

B
