i dont like the fact that the engine repair , was not spoken about. unlikely there is only one thing not discussed. we never catch them all. have you reviewed camp. . maybe you should fly from detroit to savannah to prove out our theory. . we can buy this one at 13. . all silly prices. but little downside in seeing .

G550-5019 LOI executed 1-31-17.pdf [view](#) [download](#)

Good morning Larry,

With regards to the Aircraft's "questionable pedigree", please let me confirm that this airplane has been operated and managed by TAG Aviation in Europe until 2013 and maintained to JAR Ops Standards. Since then, it has been maintained by Gulfstream, Savannah up through the 12C check which was completed here last year. I would argue that this Aircraft has excellent pedigree and maintenance history. We spoke w the owner last night. In light of your request for WIFI yesterday, they would prefer to simply discount the aircraft by an appropriate amount so as to allow this to be done by the Buyer to their preference. Please find your accepted LOI attached. We look forward to working with you,

Please let us know if you prefer to view the aircraft first, or begin working on an APA in conjunction w the coordination of the viewing. Additionally, please advise on the status of the deposit. Thank you,

Pat Hosmann, Jr.

Hello Pat,,

I would like to make an offer for your chinese plane. As you know it is quite well known. I'm sorry your client countered what my principal thought was way more than fair. Given its questionable pedigree and current appearance. we are going to buy a 550 in the next two weeks. I'd thought I'd give you an opportunity to be the next one sold. SE Toyota's sale set a new level for earlier serial numbers. That being said we would offer \$14m as before, but only if all the service bulletics and Sat/wifi were installed prior and included in the price. If your clients are interested please let me know asap.

The market, is what the market is, if not I wish you luck.

Best,
Larry
