in a relaxed hopefully now more self aware moment you might . ask yourself , 1 why do i continue to tell jeffrey that I i spent 170 million dollars , when in fact i received more than 8 times that amount in return. . In addition - When I appealed to him for financial help , he was there for me ,(as he has always been in my personal life) and in the process achieved for me a truly remarkable result. Then question -why you would ask him to lay out step by step in detail , last years complex transaction, then decide not to pay him for it. (phaidon aside). and even recently when it became obvious to you . that the 8865 transaction would require more of his time , effort and expertise than either of you had initially contemplated why didnt you say , jeffrey thank you , I should pay you for your work . what do you think is fair. but only repeated you said you would do it for free. so why should i pay you. . you are a better person than this behavior suggests
