Jesse — he had A LOT going on in his life. He needs more time with you to write a proper story and afraid to demand for that as he doesn't know if it results in the story. He also doesn't know how to approach your past while he doesn't want upset you but think it'll not be objective to keep full silence about it. We had hard conversations about it all and I keep softly pushing him.

Anyways — I don't like explaining or excusing no result. I'll just keep trying :)

Jeffrey,

We just spoke with Ben and there's a small private event organized by our common friend Simone. It's taking place in the Castle on July 6-9

<http://www.castellosegalari.com/>. We both are going there.

It'll be a few scientists, AI, blockchain people. Everyone going there is smart, nice, trustworthy and most importantly fun.

If you come for a day or a few days it'll be super fun and we would really enjoy seeing you <3

P.S.: there are bunch of ways to come and stay private there. I can work with your assistant to organize it conveniently for you.
