Thank you for your email and attachment, Nina -

I have circulated your attachment with the Music Industry students in my Music Mind & Brain class here at UCLA as well as the director of the program. About 3-4 of my student have already expressed interest in the internship.

I was at the LA branch's holiday party a couple of years ago with Tom Sturges and Antonina Armato - do you happen to know them?

Thanks again for contacting me - yes, it would be great to meet you in person when you come to LA in June.

Cheers,
Mark

Hello Mark,

I am the head of the internship program at Downtown Music Publishing & Songtrust, and we would love to create a relationship with the music business department at UCLA.

At Downtown & Songtrust we have an extremely rich internship program that we are very proud of, and would love to have more interns from UCLA. I have attached a deck for more information on our program.

I will be in Los Angeles the last week of June and would love to meet with you, or someone else in the program to discuss future collaborations.

I look forward to hearing back from you!
