Jeffrey

I spoke to Jay Messenger

5173 is still available,,

Located in Oakland

Original ask was \$21m then lowered to \$19.5m

Just last week it was lowered to \$16,7M

Jay informs, he has got a lot of interest since price reduction,,of course he would say this.

He is flying out to Oakland for two showings on Monday and offered to show the aircraft to us on Monday as well.,

He said the aircraft is priced right and will probably sell just north of \$16m,,

Very nice guy,, and very realistic about pricing, he admits the aircraft was overpriced at \$19m

Thx
