I have some other solutions to the issue we discussed on thurs. . it can wait until tues to discuss face to face. with regard anything at all to do with tax , estate. office. I think you should reflect on the fact , that up till today if one thing is clear is that this is not your area of expertise. the people that YOU have chosen from the beginning have not worked out well for you in most regards. Lerner Elieen . Tom. Brad, joe, john, ada. . The fact that you are reading the reasonable cause letters yourself is just silly, you dont know the rules. the practicalites. the risks. the history or the procedures. . given the past history, im not sure you should be advising yourself.

Obviously you have an issue with paying people . you had joslin as direct result of you only willing to pay 250k. i paid the balance of 50 myself. because you were beeing unreasonable. and putting yourself at risk. you didnt like it but otherwise it would have been another eileen. I urge you to take a cold look at your results. overall you have been repeatedly suprised in your personal life . assuming others shared your views. . you have plenty of money. plenty. making decisions at this stage . based on trying to get the most for free is dangerous , and irresponsible. . sorry.
