happy new year to you both. 1 solar fridge and fan have been on the punchlist for months. not sure why not here. 2. john woods was before i bought gsj, not relevant to fix up. difference is roof for r/o should be put on. . under the bedroom is a rotten mess. that is the cause of the bad smell now for months. . . 3 trying to come together with overall capital budget for both islands. labor allocation so no more people on island when i am in residence. . 4. trees and work can commence on gsj on the 4th. . 5 Ana house delayed a couple of weeks so the transition will take more time. . Im cutting out cash workers. 6 . boat engines keep failing due to bad captaining. sand etc. 7 . did we get an awning bid? . 8 gen set danny said they wanted to send part back to factory? 9 . r/o has been 4 months down. there is either a fix . or a new solution needed. . 10 . mike glidden is around to help on electrical. . 11. can speak today or tomorw
