Anna is still waiting to hear back from Ericka/DPNR regarding containers on GSJ
If we can place containers on GSJ
Then we can proceed with original
plan to relocate genset to shed
Shed has already been prepared for solar battery install
I can't see the issue with containers on GSJ
There is already a container there that belongs to EB
There has been no mentioned in any traffic from DPNR indicating for you to remove it.

Jeffrey
Regarding the sound proofing of the Genset on GSJ
Would you be Ok with the following
Relocate Genset into the existing storage shed

A vented interior wall would need to be built to separate Genset from Solar batteries
This would achieve three things:
Sound proofing
Protect Genset from environment
Get it out of eyes view
Relocation would occur after new landscaping shed is built on GSJ
Danny has confirmed this can be done
Is this approach ok?
Regards Brice
