Jeffrey
I spoke to Manuel our San Juan Handler.

Manuel informs, it depends on the Customs agent, whether he would require you to come inside or just clear the aircraft on the ramp.,
Late hour ops in San Juan is fast, even if you go inside the terminal to clear,. According to Manuel,,15min to clear,.he also will check with supervisor in San Juan tomorrow when he's working, in regards to plane side clearing,.

All US Passports would also expedite the process as well.,

Thx,
Larry
