you are great. the application does not really reflect who you are and what you can do. the difficulty for the admissions group is to be able to distinguish you from others. at the interview you should bring up the issue. and we should have a good story to tell around it. the grade calculator that you sent , is a generic . each school has their own weighting algorithm. we call it grading on a curve. the fact that you are intl helps alot. as they want diversity. and you are the best candidate in my opinion
