Mr Dershowitz,

It involves a sensitive private issue that I believe Mr. Epstein would most likely prefer disclosed only to himself in a confidential manner.

Please understand that even though you have previously acted as Mr. Epstein's attorney in other concerns in the past, that this does not automatically infer that he would necessarily want me to share my present communication with you.

On the other hand, since my information about your relationship with Mr. Epstein extends to you sharing your book drafts with him for his feedback, I would not ultimately rule out his deciding to share the information I wish to forward to him with you once I have had an opportunity to communicate with him first.

You need not personally vouch for me, or for the purpose of my desire to contact Mr. Epstein in any way. All I am asking of you is to simply allow me to be able to reach Mr Epstein, no other involvement on your part in the matter is being requested.

Regards,

John L. Blair

Mr Dershowitz,

You replied to me that you would forward my email address on to Jeffery Epstein way back in July.

It is now mid November and I still have not heard anything back from him.

Can you provide me with a valid known public address, or contact information for a close personnel assistant or associate of Mr. Epstein's, so that I can try to reach him that way?

Regards,

John L. Blair
