Hey Jeffrey,

[REDACTED] asked me to write you because she received the bill from dr morrow the dentist and she asked me why I purchased an electric brush but actually I didn't ask or anything like that. On my way out one doctors assistant came to me a said you need to use this to brush you teeth not the normal one and explained how to use it. So I don't know what to say. [REDACTED] asked me if you were aware of this purchase.
