first given a choice of lisa or joslin, i said both joslin for tax and lisa for accounting. i said i would pay the extra 50k to have him as the budget was only 250. he reported to ada and eileen, and complained weekly that they didn't know what they were doing and were driving him crazy. I told you that i believe didn't know. you told me i was talking out of both sides of my mouth. then over a year i sent email after email that we were fragile and cracking prone to giving bad answers and needed close oversight. when i attempted to reign him in. you told him that he didn't work for me he worked for you. he gave me a slew of bad numbers and i was very thoughtful on him. you accused me of firing him without asking. and then said it was my responsibility as i had fired him. I told you that i would help. joslin never was fired, he said you wouldn't agree a contract for 1.2 million. you were aggressive that i drove him away by being too tough. you then said i should have been managing him. on the 8865 though you have at least 10 emails that your office was in disarray. things are now a mess
