---

VIWAPA has added a new leg around St. John and we are modifying the permit, which is good, because it gives us time for ACE to get the non-compliance lifted or else the LSJ-GSJ leg will have to be dropped.

While I am modifying the permit do you want me to go ahead and change the LSJ-GSJ cable to the shorter run between near the LSJ dock and near the proposed GSJ dock. We are planning to have the revised permit submitted in two weeks and CZM said they'll be able to issue in just a couple of weeks. ACE will take about 60 days.
