The fuel billed in the monthly statement were from previous month's uplifts. There is a delay in posting the current month's billing, due to when the invoices are received and processed. The GPH is derived from how many gallons purchased divided by the hours flown.

I have attached for your review 2015 fuel posting, as noted, the posting dates and uplift dates varying.

Please let me know if you have any additional questions.

Best regards,

Mary
