Jeffrey Margo spoke with the school and they told her its 40 hours per week plus
homework so it is a super intensive and serious course. Margo and I are super serious and
excited about it and we want to focus 100% on it. We were thinking that maybe the best
option is to find a place close to the school since the location is not that important if we
just have to focus on this course. They also mentioned that we might work on weekends as
well and that every week there is going to be a different timetable. I think it's a great
experience for both of us. We will spend a month working hard on acting and maybe visit
Los Angeles on Sundays.
