Hi

Do you still know folks at Templeton fndn? I saw a really amazing bunch of brain stem cell stuff that seems like a good fit / match. I'd like to try to link this group to real funders who can push hard on this stuff. Really amazing regenerative stuff. Guy is chairman of neurosurgery at Stanford and 15 years experience doing this stuff quietly

Do you think it makes sense to try to introduce them? Obviously Stanford is super legit and the chairman guy is very legit

He does kinda hate women though

His work is very solid as are his collaborators
