Just sent you email

Lots of shorthand but you will get it

Have figured out a few things / observations

Basically taking what happens socially and making it digital with some improvements

Will try you later! Remember:

Facebook made digital the social practice of looking at yearbooks

Twitter made gossip digital

I am trying to make Africa's largest and most enduring social practice of community savings digital.

Then it becomes credit (here's MasterCard opp?) and commerce (here's alibaba opp?)

All about trust and it's there just not digital.

I spent 10 yrs and 100m building this huge network across lots of countries. It's very real.
