One of my cofounders co created android phones and the other was the original dude for google docs

Business model seems very legit

Pilot with two banks in one country seems crazy potential

Jeffrey I found this house by a friend which is the same cost and there is no agency behind. Amazing location (in front of the musee d'Orsay) and close to the school. It's in rue Bellechasse, 3000 per month. What do you think ?

And was thinking today about how the world bank does concessional lending could maybe also be shaped in the private sector - why can't banks do concessional lending w CSR budgets and ODA? Esp if it reaches the huge huge populations for jobs. Govts would support.
