Thank you so much for arranging the White House tour. I'm so excited. I know that it was a difficult request because it was during the Christmas break. I knew that if anyone could do it it would be you. I just wanted to let you know how appreciative I am.

What if I (we) created a massive DAF at the IFC which is the private sector arm of the world bank.

It would mean super easy access to all countries around the world plus all the banks advisory services and combined inputs including our reinsurance arm (non honoring of sovereign obligation products)

Way cooler than trying to create it elsewhere.

It's all private sector not charity. But can be high risk and do blended finance w all types of stuff and also leverage govt money.

Bet I could get soros and zuckerberg and maybe even bill to do it.

I would run it and create it at IFC
