Capital account balances are generated after performance has been finalized, and I am able to provide you with those numbers as soon as they become available. Please let me know if you wish to be [REDACTED] with a rough performance estimate once we have one. Thank you for your time and I look forward to speaking with you soon.

December 31, 2006 [REDACTED] Zwirn Special Opportunities Fund, L.P. - Restated 12/31/06 Capital Account Statement

To: Beller, Harry*Jeepers, Inc. ([REDACTED]) CC: [REDACTED] From: DBZ & Co. Investor Relations Notes: <file://\dbzco.com\global\local\shared\specopps\Operations\Accounting\Investors\Onshore Statements\2006\2006 Q4 POST AUDIT Statements\2006 Q4 POST AUDIT Statements\LP 2006 Q4 Restatement - Jeepers Inc.pdf> Attached please find your restated 12/31/06 capital account statement. The restatement reflects the impact of audit adjustments to your capital account and is the final 12/31/06 statement. Please note that we do not expect to restate K-1 tax documents for 2006. The audit adjustments primarily reflect changes in book items summarized in the March 26, 2007 Investor communication and discussed in the footnotes to the 2006 audited financial statements. The audit adjustments reduce the capital account from the originally reported amount. The adjustment amount will vary among capital accounts based upon the timing of original and subsequent subscriptions. As reported in the audited financial statements, the Fund return for 2006, including the audit adjustments, is 15.64%. With the conclusion of the 2006 audit and the enhancements over the past eighteen months in systems, policies, controls and procedures that have been implemented by a highly experienced team of industry professionals, we believe we now have the infrastructure in place to meet the Firm's needs and scale our business. Looking ahead, we expect to expedite the release of financial information on a more normalized timeframe. We of course remain open to any questions you may have and we encourage you to schedule an operational due diligence visit to become more familiar with the infrastructure modifications and improvements we have introduced. We look forward in 2008 to continuing to provide attractive risk adjusted returns from our broadly diversified portfolio. We thank you for your patience and support. Best Regards, D.B. To: Lebowitz, Seth; Woykowski, Taliah; Butchkowski, Alisa CC: Warren, Clifford; McGrath, Brian; Proshan, David From: So, Eva Notes: Seth, We certainly withheld \$966,609 of NYS taxes in Q4 2006 from Jeepers Inc. Let me know if you have any questions or want to discuss. thanks Seth [REDACTED] From: Lebowitz, Seth Sent: Thursday, January 11, 2007 2:24 PM To: McGrath, Brian; Warren, Clifford Cc: Proshan, David Subject: Jeepers Inc. tax withholding Brian and Cliff: I got a call from the lawyer for Jeepers, Inc. today (I believe he called several other people here as well) saying that Jeepers received a NY state withholding letter for tax year 2006 stating that Jeepers was exempt from withholding. This is obviously a mistake given the background, but can you please confirm that we actually are withholding (or have withheld) all the 2006 taxes for Jeepers so I can get back to the lawyer. Also, we'll need to send them a corrected letter stating that we did withhold and the amount of NYS source income and tax withheld. I can have IR send the letter out, but the data is needed from you guys. Thanks. Seth

As of the date of issuing your Schedule K-1, there are a number of pending adjustments that will affect the GAAP basis financial statements. Due to the pending adjustments, the book income and ending capital account balances, when finalized, will likely be different than the amounts reflected on your Schedule K-1. For this reason, we have indicated that the capital account on your Schedule K-1 is not presented on a GAAP basis (Part II, Information About the Partner, Item N, Partner's capital account analysis, has been checked "Other (explain)" rather than "GAAP"). We do not believe the pending adjustments to have a material impact on the tax items reported on your 2006 Schedule K-1. However, we cannot predict with certainty that such adjustments will not require us to amend the 2006 tax return and issue revised Schedule K-1's, or request an administrative adjustment to correct a previously filed tax return. Please consult your tax advisor. If you have any questions, please call Cliff Warren at _____ Sincerely, D.B. _____ HYPERLINK

Dear Investor: For the month ended July 31, 2008, [REDACTED] Zwirn Special Opportunities Fund, L.P. posted an unaudited net return of -1.37%, bringing its year-to-date net return to -11.83%. Best Regards, [REDACTED] Zwirn & Co., L.P. Important Disclosures Performance is an unaudited rate of return based on the market value of D.B. Zwirn Special Opportunities Fund, L.P. (the "Fund"). Performance includes capital contributions and withdrawals, as applicable, is net of fees and expenses and includes the reinvestment of earnings. The returns are calculated net of management fees of 2% and an allocation/incentive fee of 20%. The Fund's fees may be modified or waived for certain investors. Please refer to the Fund's offering memorandum for more information regarding the Fund's fees. It should be noted that as a result of certain factors including among others, an investor's eligibility to participate in "new issues," an investor's actual performance and actual fees may differ from those reflected by the Fund. Investors should refer to their quarterly capital account balance statement to determine their actual performance return and the fees applied to their capital account. The Fund's unaudited rate of return may include prior period accounting adjustments, reclassifications and other items not relating to investment performance. Future adjustments may be made to the returns, if deemed appropriate. The Fund commenced operations on May 1, 2002. The Fund's market value has been determined in accordance with the valuation methodology set forth in the Fund's offering memorandum. It should be noted that certain of the Fund's investments have been valued using fair valuation as determined by the General Partner or third party sources. October 04, 2008 [REDACTED] Zwirn Special Opportunities Fund, L.P. - Performance Information

Dear Investor, To better reflect the dissolution process initiated on March 31, 2008, in addition to providing monthly and year-to-date net returns, we will include a measure which we believe better quantifies the performance of the recovery process. The metric, called "Recovery Percentage," will reflect the percent of March 31, 2008 value that has been distributed to investors plus the current value of assets in the portfolio at current valuation levels. Upon final cash distribution, at the conclusion of the wind down process, the Recovery Percentage will reflect the percentage of March 31, 2008 NAV that has been returned to limited partners. From March 31, 2008 through August 31, 2008, Recovery Percentage for the D.B. Zwirn Special Opportunities Fund, L.P. ("the Fund") totaled an unaudited 83.50%. For the month ended August 31, 2008, the Fund posted an unaudited net return of -6.68%, bringing its year-to-date net return to -17.72%. Best Regards, [REDACTED] Zwirn & Co., L.P. Recovery Percentage will reflect the percent of March 31, 2008 NAV returned to investors ONLY when the final cash distribution is made to investors. Prior to the final cash distribution the Recovery Percentage is simply a measure of cash distributions plus current valuation of the portfolio as a percentage of the March 31, 2008 NAV and should not be relied upon as an assurance of actual recovery. December 30, 2008 D.B. Zwirn Special Opportunities Fund, L.P. - Performance Information

Dear Investor, To better reflect the dissolution process initiated on March 31, 2008, in addition to providing monthly and year-to-date net returns, we will include a measure which we believe better quantifies the performance of the recovery process. The metric, called "Recovery Percentage," will reflect the percent of March 31, 2008 value that has been distributed to investors plus the current value of assets in the portfolio at current valuation levels. Upon final cash distribution, at the conclusion of the wind down process, the Recovery Percentage will reflect the percentage of March 31, 2008 NAV that has been returned to limited partners. From March 31, 2008 through October 31, 2008, Recovery Percentage for the [REDACTED] Zwirn Special Opportunities Fund, L.P. ("the Fund") totaled an unaudited 61.88%. For the month ended October 31, 2008, the Fund posted an unaudited net return of -13.60%, bringing its year-to-date net return to -39.03%. Best Regards, [REDACTED] Zwirn & Co., L.P. Important Disclosures Performance is an [REDACTED] rate of return based on the market value of [REDACTED] Zwirn Special Opportunities Fund, L.P. (the "Fund"). Performance includes capital contributions and withdrawals, as applicable, is net of fees and expenses and includes the reinvestment of earnings. The returns are calculated net of management fees of 2% and an allocation/incentive fee of 20%. The Fund's fees may be modified or waived for certain investors. Please refer to the Fund's offering memorandum for more information regarding the Fund's fees. It should be noted that as a result of certain factors including among others, an investor's eligibility to participate in "new issues," an investor's actual performance and actual fees may differ from those [REDACTED] by the Fund. Investors should refer to their quarterly capital account balance statement to determine their actual performance return and the fees applied to their capital account. The Fund's unaudited rate of return may include prior period accounting adjustments, reclassifications and other items not relating to investment performance. Future adjustments may be made to the returns, if deemed appropriate. The Fund [REDACTED] operations on May 1, 2002. The Fund's market value has been determined in accordance with the valuation methodology set forth in the Fund's offering memorandum. It should be noted that certain of the Fund's investments have been valued using fair valuation as determined by the General Partner or third party sources. Recovery Percentage equals the sum of all cash distributions since March 31, 2008 plus the current month end NAV of the Fund, divided by the March 31, 2008 NAV, expressed in percentage terms. Recovery Percentage will reflect the percent of March 31, 2008 NAV returned to investors ONLY when the final cash distribution is made to investors. Prior to the final cash distribution the Recovery Percentage is simply a measure of cash distributions plus current valuation of the portfolio as a percentage of the March 31, 2008 NAV and should not be relied upon as an assurance of actual recovery. Relayed to Harry Beller estimated unaudited 12/31/08 balance of \$41,707,011. He will await the statements for a more "official" number. He asked when he could expect to receive his redemption amt.
