Terms - 25 % Deposit with the order: \$ 7959.00 Balance Due when door is delivered: \$ 23875.00 Final Payment By: Cashiers Check (Only Please) All Payments in US Funds Only Please *Schweiss doors are provided with temporary electrical wiring that is only to be used for the initial setup. Temporary wiring must be removed, hookups must be done by a licensed electrician. Schweiss is not responsible for the final hookup of your door. Failure to do this will void the warranty. *The customer is responsible for the bi-fold or hydraulic door building header & side columns. *The opening must be prepared with a built in header that is flush with the side columns. Your header, side columns & building must be strong enough to hold our bi-fold or hydraulic door. *When we install the door, the customer furnishes and installs the outside door sheeting and trim to cover the door. *The terms and conditions are included in the attached terms and conditions sheet are incorporated herein. *I have read through the Purchase Order, the Attached Terms and Conditions, reviewed A1, A2, A3, A4, A5 and A6 (A7 hydraulic only) Spec Sheets and agree to their contents.
