[Winglet Systems Inc. Winglets](#)  
RVSM Approved  
Dual High Capacity 60hz cabin converters

## BOEING SUPER 727-100 SERIAL NUMBER 20115

### COMPLETELY REFURBISHED 2001 / NEW CARPET 2009

The exquisite 29-passenger interior was tailored to enhance the experience during long range travel.

The forward Salon offers dual-cabin privacy and berthing capabilities.

The Spacious mid-cabin Galley is designed to offer full preparation of meals over long flights.

Both the expansive mid-cabin Lounge or the Aft, full complimented office, offer a place for private meetings and or comfortable dining experiences.

The Private Stateroom is complemented with a supple Queen Size Bed and sitting area with a private Master Lav with integrated shower.

Window treatments throughout the aircraft are outfitted with Spragen window shades (electric in the Office and Stateroom) behind tinted glass.

The Exogrid style interior and special insulation package along with a totally re-engineered air distribution system gives the passengers an exceptionally quiet cabin throughout all phases of flight.

---

### NEW EXTERIOR 2009

Off White Upper Fuselage and Phantom Gray Metallic Lower Fuselage with Three Phantom Gray Metallic Accent Stripes. American Flag painted on both sides of the Center Engine.
